

Uploading a Clinic Invoice Template

While you can create your own invoice templates from scratch in Microsoft Word, you may also contact FYDO support and request an invoice template be uploaded to your FYDO account, for you.

This template will allow you to print invoices right away. You may further customise this template as desired, should you choose to.

Uploading / editing clinic invoice templates

To upload or edit existing templates, you will need to go to **Settings > Templates**.

This will reveal the templates currently in your FYDO account.

Note: an invoice template is necessary for each *type* of invoice; such as Medicare, DVA, and Private.

Adding a new template

So you may upload a template by clicking on the **Add Template button** to the top right corner of the screen.

Add Template

Then, you will need to browse your computer for the template file or simply drag it in, as shown below.

Give it a **Name**, select a **Category** (invoices in this case) and a **Sub Category** (whether it is DVA, Medicare, Private, etc.).

The screenshot shows the 'ADD TEMPLATE' form. At the top, there is a breadcrumb trail: 'SETTINGS > TEMPLATES > ADD TEMPLATE'. Below this is a 'Template' header. The main area is titled 'Select file to upload'. It features a large dashed box with the text 'Drag'n drop files here'. To the right of this box is a blue square representing a file, with a '+ Copy' button below it. Below the dashed box is a green button labeled 'Choose a file'. A note below the button states: 'Note: Max 20MB file limit. Extensions allowed are .docx'. Below the note are three input fields: 'Name' (a text box), 'Category' (a dropdown menu), and 'Sub Category' (a dropdown menu).

Once you have entered the above details, hit the green **Save** button and you are all done!

Save

You may also mark a given template as the **default template** for its *category and sub category*.
