Now, lets set our **password**, agree to the **terms of use** and then click **Create**.

#### Your password requires at least 1 Capital letter and one Number.

Now we are ready to log in. Lets enter the details we just created.

Please Ent	er Your Login Crede	ntials

	Forgot password?			

The last step is to set up two factor authentication, for the security of your users, and your data.

#### Setup up two-step verification for your security

For added security, since we are dealing with patient data, ACSS has introduced added security by enabling two-step verification. You will need both your password and mobile to sign in.

Lets click on Set my Mobile Number

# We take security seriously

To help keep our client's data secure we need to identify you via SMS.

#### Step 1 Enter your mobile number

Just a few more steps and were done!

- 1. Set your mobile number (The leading 04 is required!)
- 2. Click 'SMS Me'

# 3. Enter the 6 digit code that was sent to your mobile

# 4. Tick 'Remember me for 30 days' (Optional)

# 5. Click Verify

All done! You can now log in and access Fydo from any browser!
