FYDO Clinic Update 19/05/2023

New Batch Status Added to Claiming Medical

There has been a new batch status added to Claiming Medical called Closed with Rejection.

Prior, when moving a rejected invoice/item out of a batch, it would move out to a **Closed** batch status if a Health Fund claim or into a open batch if Medicare/DVA, you would also lose the exception code/reason. Now, when moving out a rejected invoice/item, it will go into its own batch with the status **Closed with Rejection**, you will also no longer lose the exception code/reason when moving the rejection out. This new batch status will benefit all clinics, in particular those with multiple users, as this will help users identify invoices/items that have been moved out of its original batch due to a rejection.

×

Please note: When moving out Medicare/DVA rejections, this will automatically close the current open batch (If any) for that provider, this is so the rejected invoice/item is able to move into its own batch and not into the current open batch.

FYDO Clinic Update 12/05/2023

Processing & Payments Reports > Payments Tab Additions

The **Payments** Tab has now been divided into **Clinic** & **Hospital**. This change will benefit facilities that utilise both the FYDO Hospital & the FYDO Clinic modules. For facilities that only utilise one of the modules, there will be no significant change. The user will just need to ensure they click on the relevant tab for their facility.

×

Appointments Report

The **Appointments Report** can now be used to filter for appointments not yet invoiced. To ensure the report is accurate, users need to bill from the **Appointment** screen, as the report picks up on the green invoiced tick against a patients appointment.

×

User Location Access

Users can now have their access restricted to a specific location in FYDO. User location access can be found under **Settings > Users**.

FYDO Clinic Update 28/04/2023

Accounts - Status

We have introduced a new Status on the Accounts screen called **No Charges** for invoices with a \$0.00 invoiced amount.

×

Claiming Medical

There has been 2 new updates to Claiming Medical:

- Claims that are rejected with \$0.00 paid will now show with the Status Rejected. Prior, rejected claims would show with the Status Payment Received but with \$0.00 in the Paid column.
- Users are name able to update a patient's Fund Membership number and/or Fund UPI number for a claim from Claiming Medical. To change a patient's Fund Membership number and/or Fund UPI number simply click Action > View Batch Details > Action > Edit Invoice.

×

Bug Fixes

Issue with **Accounts** showing by default in ascending date of service order has now been rectified to show in descending order.

FYDO has a new field to enable users to keep the Maiden Name of a patient on file. When

searching for a patient FYDO will also check the **Maiden Name** field for any matching information enabling easy identification of patients.

××

Transactions Report

New fields have been added to the **Transactions** report when exported in **Excel - Raw Data** format.

New fields include:

- File Number
- Batch Number
- Batch ID

Email Log

Users are now able to view a log of all emails that have been sent from the **Documents** tab in FYDO. This includes emails to the patient, referring doctor or doctor. This information is displayed in the **Communication** tab.

×

Bug Fix

The issue that some users were experiencing with the 2-step authenticator app not remembering them for 30 days has been resolved. (*This issue did not affect users that utilise the SMS or Email 2 step authentication option*)

FYDO Clinic Update 20/03/2023

2 Step Authenticator App

FYDO will now show which users are utilising the 2 Step Authenticator App with a green tick in

Settings > Users. This allows the facility to view which users have chosen to use the Authenticator App option.

As per FYDOs Security Policy, all users are required to undertake the 2 Step Authentication process, however users without the green tick would be utilising the SMS or Email option for this feature instead of the App.

FYDO Clinic Update 13/02/2023

Medicare/DVA Billing

Users can now easily bill multiple dates of service for Medicare/DVA claims. Prior, users would billing different dates of services by creating a new invoice each time. Now, users can change the date of service for each **Item** under the **DOS** column on the **Clinic Billing** screen & when the billing is saved, FYDO will automatically create separate invoices per each different date of service.

×

(*Please note: This is not recommended for DVA Community Nursing clients due to Community Nursing Hours/Visits will not be allocated correctly per invoice*)

Edit Referral

FYDO has a new option added to **Claiming Medical** called **Edit Referral**, it is located on the **Item Details** screen under the **More Action** drop down. Users can now simply edit, delete or add another referral without having to completely rebill. Any changes made to a patients referral on this screen will also update over to the **Patient Details** screen.

×

Accounts - List View

A new view has been added to the patient **Accounts** screen called **List**. Compared to the **Summary** view that shows the patients list of invoices, the **List** view will show the items that have been billed

for the patient.

×

Adjustments

Users can now add, edit or remove adjustment types for **Settings > Adjustments**.

×

(Please note: An adjustment type cannot be removed if it has been used before and if the name of an adjustment type is changed this will also reflect on historical data)
