Next of Kin and Emergency Contact Details

Facilities are now able ensure that the **Next of Kin** and **Emergency Contact** details are entered prior to admission. This option can be amended in **Settings > System Configuration** by checking the tick boxes called:

- On admission, make Next of Kin mandatory
- On admission, make Emergency Contact mandatory

The screenshot shows the 'Hospital' settings page. On the left, there are color-coded boxes for various stages: Booking (pink), Arrived (purple), Admitted (light blue), Anaesthetic Bay (orange), In Theatre (blue), Recovery 1 (light green), Recovery 2 (medium green), Recovery 3 (dark green), Ready for Discharge/Ward (red), and Discharged (teal). On the right, there is a list of checkboxes for system configuration. A red arrow points to the last two checkboxes, which are checked and enclosed in a red box:

- Manual Admission Number
- Allow referral to be entered without a referral date/period
- Alert when referral expired when editing an appointment
- Invoicing only allowed if 'Theatre Completed'
- On admission, make patient fields mandatory
- On admission, alert to take excess if not yet collected
- Theatre Roster required when making bookings
- Invoicing only allowed if 'Episode Grouped'
- On admission, make Next of Kin mandatory
- On admission, make Emergency Contact mandatory

At the bottom, there is a dropdown menu labeled 'Make the accounting period the same as' with 'Discharge Date' selected.

If one of these options is selected, a pop-up will alert the user to the specific information that needs to be completed when they attempt to admit the episode.

Mandatory Fields

The following is missing from the patient screen:

- Emergency Contact - First name
- Emergency Contact - Surname
- Emergency Contact - Relationship
- Emergency Contact - Mobile

Please go back to the patient screen and enter missing information

New Billing Rule

A new billing rule has been added in **Fees Setup > Other Settings** to accommodate certain contract types. This rule is utilised when Per Diem billing is necessary for the primary item number, but subsequent items have associated Procedure Fees. Selecting this tick box will ensure that all subsequent items only incur Theatre Band Fees.

Defence Health Endoscopy ECLIPSE Claiming

Defence Health have amended the way they require multi-item endoscopy procedures to be transmitted via ECLIPSE. FYDO has now been updated to accommodate these claims and ensure correct payment is processed by the fund.

Type C and Type B Accommodation Billing Rule

An amendment has been made to the application of the Accommodation Band when billing Type C and Type B item number together. If the Type C item number attracts a higher band, it will still be considered the primary procedure. However, if a subsequent procedure is a Type B item, the Type C Accommodation Band will no longer apply. Instead, FYDO will recognise the appropriate accommodation band based on the Type B item number, anaesthetic type, and time in theatre.

Bug Fix

The issue that some facilities were having with their Print List has now been resolved.

New Provisional DRG Field

The Edit Appointment screen now includes a new field where users can specify a **Provisional DRG** for each episode. This enhancement enables facilities with DRG-based health fund contracts to generate more accurate revenue predictions when using the **Unbilled Revenue Report**.

The screenshot shows the 'MAKE APPOINTMENT' screen for patient 133-SAYS, SIMON. The 'Booking Details' section includes fields for Location (Shaes Private Hospital), Theatre/List (Theatre 3), Roster (Select Roster), Dr/Surgeon (MURPHY, Dr Shaun), Surgical Assistant (CONNORS, Dr Curtis), Other Surgical Assistant (HOUSE, Dr Greg), Anaesthetist (LENNON, Dr John), Anaesthetic (Primary) (IV/Sedation), Anaesthetic (None), Apmt Date (01/05/2024), Time (09:00 AM), Appointment Type (Standard 20), Proc Notes (Left Cat & IOL), and Other Notes. A red box highlights the 'Provisional DRG' field, which contains 'C08Z' and a question mark icon, with the text 'Major Lens Procedures' displayed next to it. A red arrow points from the top right towards this field. Other fields include Patient Category (Day Only), Start at Day (1), Discharge (0), Accom Type (Accom - Medical), Room Type (Private), Bed Notes, Booking Code 1 and 2, Food Instructions, Fasting Food, Fasting Fluids, Planned Time in Theatre, Admission Time, Procedure Time, Program, and Flags (New Patient, Intern Billing, Medical Only, MHR consent).

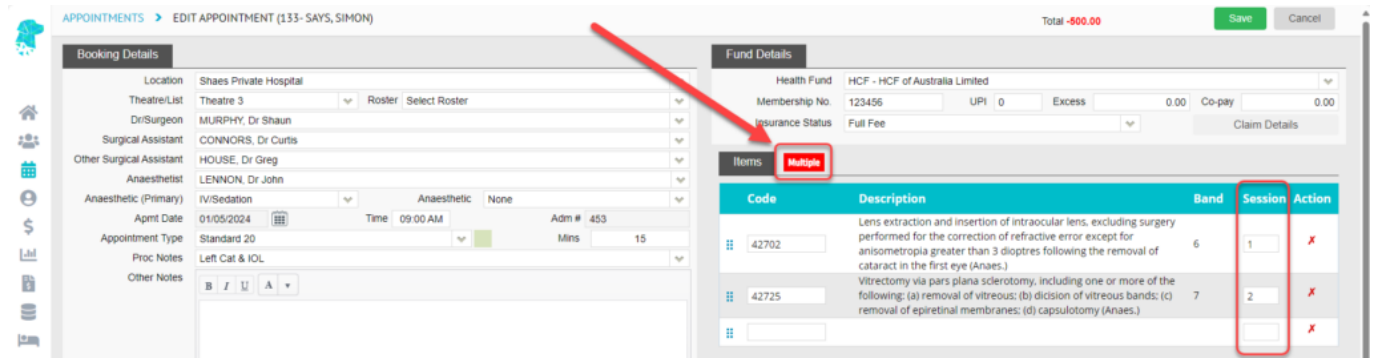

Coder Field Default

The **Coder** field, on the Coding Screen, will now automatically populate the name of the user logged into FYDO. This update will save time for coders in our Western Australia hospitals, eliminating the need for manual entry of their names.

The screenshot shows the 'CODING SCREEN' for patient 133-SAYS, Simon. The patient information includes MRN 133 - SAYS, Simon, DOB (16/04/1986 - 38), Sex Male, FileNo, Fund HCF, Location Shaes Private Hospital (QLD), Admission No. 453, Admission Date/Time 01/05/2024 08:00, Discharge Date/Time -, Dr/Surgeon MURPHY, Shaun, and Anaesthetist LENNON, John. The 'Diagnosis' section shows a 'Coder' field populated with 'S Surname', highlighted with a red box and a red arrow. Below this is a table with columns for #, Type, Code, Description, Indicator, and Action. The first row shows a 'P - Principal Diagnosis' with a code field and a description field.

Enhancements to the Edit Appointment Screen

The **Edit Appointment** screen now displays the Session/Theatre Visit number for each Item. Additionally, the **Multiple** alert will appear for episodes with subsequent visits to theatre. This function will not affect facilities that only ever facilitate single visits to theatre.

WorkCover Claim Details - Copy Previous

FYDO now offers users the ability to copy previous **Claim Details** for WorkCover or Third-Party admissions. This feature is especially advantageous, and will greatly reduce data entry, for hospitals handling WorkCover patients who require multiple admissions throughout their treatment.

The screenshot shows a web application interface for 'CLAIM DETAILS'. At the top, there is a breadcrumb trail: 'APPOINTMENTS > EDIT APPOINTMENT (149- DAY, DORIS) > CLAIM DETAILS'. A green 'Save' button and a grey 'Cancel' button are in the top right corner. A red box highlights a button labeled 'Copy Previous Episode'. Below this is a table with the following data:

Worker's Comp & Third Party	Date	Select Episode
	11/04/2024	MURPHY, Shaun
	09/04/2024	HOUSE, Greg

Below the table, there are fields for 'Injury', 'Date of Injury', and 'Claim #'. The form is divided into two main sections: 'Bill To' and 'Other'. Each section contains fields for 'Biller ID', 'Type', 'Contact', 'Address', 'Suburb', 'State', and 'Postcode'. The 'Type' field in both sections has a dropdown menu with 'No' selected.

Print List - Excel Raw Data Additions

Additional data types have been added to the **Print List > Export to Excel - Raw Data Report** to assist users in collating data. Some of the newly included fields are:

- Medicare Eligibility
- DVA Number and Colour
- Pension Number
- Country of Birth
- Check List Tick Box Information
- Next Of Kin, Emergency Contact, Contributor and Pick Up Person Details
- And more!

New Theatre Roster Features

Facilities using the **Session Confirmed** tick box in the **Theatre Rosters** must now provide a **Reason for Delayed Start** and **Reason for Delayed Finish** if the Time In and/or Time Out of theatre are delayed by more than 15 minutes.

If the Time in Theatre for the first patient is more than 15 minutes AFTER the session's Start Time, a **Reason for Delayed Start** must be provided before clicking the Session Confirmed tick box.

Similarly, if the Time Out of Theatre for the last patient is more than 15 minutes AFTER the session's End Time, a **Reason for Delayed Finish** is required before ticking Session Confirmed.

The screenshot shows the 'Booking (THEATRE 1)' screen. A yellow callout bubble states: "If the FIRST Time in Theatre time is GREATER THAN 15 minutes AFTER the Start Time of the session, a Reason for Delayed Start will be required when the Session Confirmed tick box is ticked." A red callout bubble states: "If the LAST Time out Theatre time is GREATER THAN 15 minutes AFTER the End Time of the session, a Reason for Delayed Finish will be required when the Session Confirmed tick box is ticked." A red arrow points to the 'Session Confirmed' checkbox.
