

[FYDO Clinic Update - 06/09/2024](#)

New Look Make Appointment/Edit Appointment Screen

The **Make Appointment/Edit Appointment Screen** has received a makeover. It has all the same functionalities, just with a fresh new look.

The screenshot displays the 'Make Appointment' interface. On the left, a patient profile for 'Test, Kloe' is shown with fields for MRN (796), File No, DOB, Sex (Female), Address, Mobile, Medicare, Veterans, Fund Code (MPL), Fund No (123456AB), and ID (New). Below this are sections for Allergies, Alert, Notes, and Document Alert. The main 'Appointment Details' section includes: Location (ACSS Clinic), Booking Code 1, Doctor/Room/Walk-in (Baker1, Leticiaa), Booking Code 2, Date (04/09/2024), Time (03:00 PM), Appointment Type (Appt 15 min), Billing Type (Medicare), Fee Level (1 - MBS 100%), and a Notes field. The 'Referring Details' section shows 'Referring Doctor' (ANDORRA, Test) and 'Referral To' (Search for a Referral To). At the bottom, 'Referral Date' (02/09/2024), 'Period' (3), 'First Consult', 'Site Referral (global)', and 'Open Access' are visible. On the right, there are sections for 'Items', 'Future Appointments' (No future appointments found), 'Recalls' (No recalls found), and 'Audit'.

Session Expiry Alert

FYDO will now provide users an alert **2 minutes** prior to their **sessions expiring**, based on the hospital's individual System Configuration. This alert gives users the option to select **Keep Alive** to extend their session. If **Keep Alive** is not selected within the final 2 minutes, FYDO will automatically log out the user as per current protocol.

OPV & IHI Fields

Following wonderful feedback from our users, we have decided to swap the order of the **Individual Healthcare Identifier (IHI)** and the **Online Patient Verification (OPV)** fields for ease of use and functionality of the Patient Screen.

Doctors Insurance Field

The **Insurance** field, on the **Doctors** details page, now includes pre-populated options for the most popular Insurance Companies. This field also allows free text entry, so additional companies can be typed in if required.
