

[FYDO Clinic Update 06/10/2023](#)

2 Step Authenticator App Additions

FYDO requires all users to complete the 2 Step Authentication process. However, they are given the option to use SMS, Email or an App to complete this verification.

Clinics are now able to **require** users to utilise an **Authenticator App** to complete the **Two Step Authentication Process**.

The Authenticator App is the most reliable & secure option for 2 Step Verification & clinics are able to enforce the use of this in **Settings > System Configuration**.

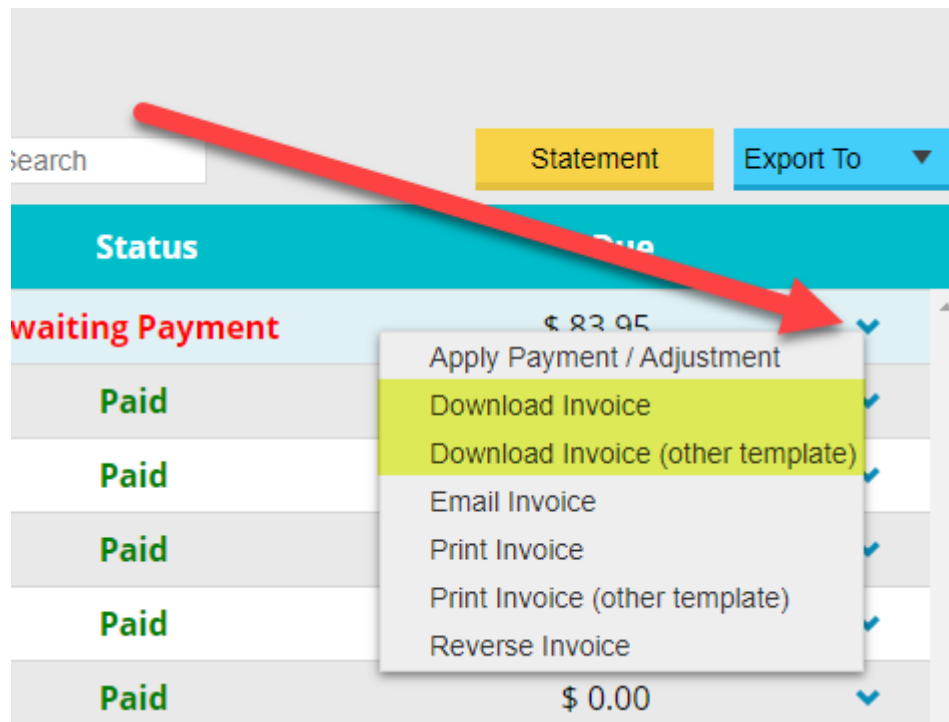

SETTINGS > SYSTEM CONFIGURATION

System Configuration	SMS Account	Counters	Administrator	File Transfer	Email Notification
General					
Auto Logout Time	30	Range between 5 - 180 (mins)			
Auto File Numbering	No

Download Invoice

We have added a new **Download Invoice** option to the **Accounts** screen within a patient file.

Clinics who have direct printing setup for FYDO will benefit from this new option, as previously they were unable to download an invoice.
