

# [FYDO Clinic Update 07/07/2023](#)

## Show Last 15 MRN's

FYDO now allows users to easily & efficiently identify the last 15 MRN's/Patients that they have interacted with & navigate to them.

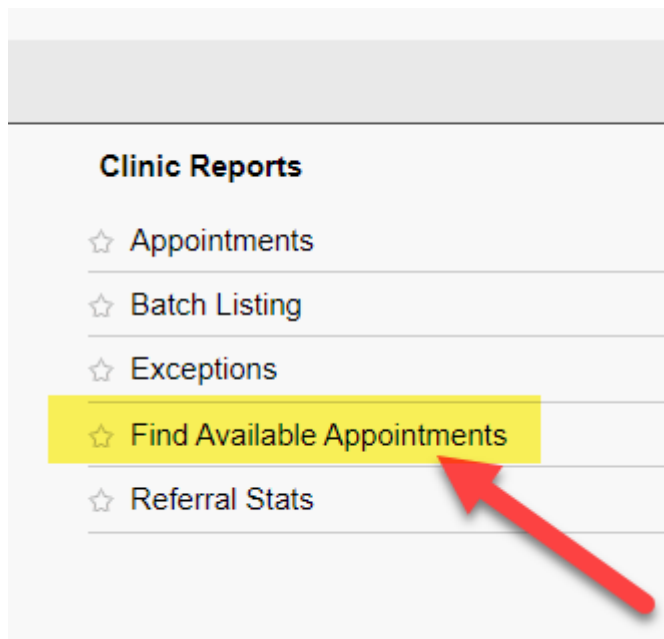

This feature can be utilised by simply hovering over the **Patient** tab in the main menu & selecting the desired patient.

## Find Available Appointments Report

There is now a report that can be used to **Find Available Appointments**. This report will show 3 months worth of available appointments at a time, as opposed to the **Find Available Appointments** option on the **Appointments** screen, which will show the next 20 available appointments.

The report can be found under **Reports > Clinic Reports**.
