

[FYDO Clinic Update 20/02/2023](#)

Email Invoice

Users now have the ability from the patient **Accounts** screen to email invoices directly from FYDO. The user will have the option to edit the subject line, add text and override the receiver's email address if required. This feature can be turned on by going to **Settings> System Config> Email Notification**.

Once an invoice has been sent, a log will be recorded on the **Communication** screen.
