

# FYDO Clinic Update - 21/03/2025

## Waitlist Additions

Users can now add appointments directly from the **Waitlist!** This new feature is available in the **Right-Click Menu** when using the **Appointments Screen**.

Selecting this option will open a pop-up displaying all **Waitlist patients available for the selected day**. Their mobile phone number is displayed to make it quick and easy to contact the patient if needed.

Double-clicking on a patient opens the **Make Appointment Screen**, where details can be added to complete the booking.

Once the booking is made and the user clicks **Save**, another pop-up will appear, prompting them to decide whether to **Delete from waitlist** and/or **Delete Future Appointments** - ensuring a seamless and efficient transition from Waiting to Booking.

## New User Group Access Levels

We've introduced new options to the **User Group > Access Levels** for the **Data I/O** function.

By default, these new options will mirror the current access levels that all users have in FYDO. Clinics can adjust these permissions as needed.

# End of Day Banking Improvements

The **MRN** is now displayed in the **End of Day Banking** Report as an additional form of identification.
