

# FYDO Clinic Update 25/05/2023

## New Appointment Screen Right Click Feature

Users are now able to use a single left/normal click, on the **Appointment Time**, to display the menu.

The menu is still available by Right Clicking anywhere on the appointment line; however, this new feature has been introduced to make FYDO more compatible with tablets & iPads.

The screenshot displays the FYDO Clinic Appointment Screen. On the left, there is a calendar for May 2023, with the 25th highlighted. Below the calendar are filters for Locations (All Locations), Departments, and a list of actions: Walk Patient In, Find Available Appointment, and a dropdown menu. A red callout box with the text "Single Left Click on the time to display menu" points to the 9:30 AM appointment time. The main area shows patient information for SMITH, John, and a list of appointments. The 9:30 AM appointment for TESTER, Test is selected, and a context menu is open, listing various actions such as Make an Appointment, Edit Appointment, Copy Appointment, Cut Appointment, Paste Appointment, Accounts, Arrived (Patient In), Unarrived, Seen by doctor, Un-seen by doctor, Confirmed, Send SMS, Chart Label, Wristband, Delete Appointment, Documents, Create Letter, Quick Form, Bill, IFC, and OEC.

## New Custom View Options for Lists

Users are now able to create their own **Custom Views** for the **Appointments Screen**, when displayed in **List** mode.

These views can be created to include all the same fields that are used in the other view options. For instructions on creating your own **Custom Views**, follow the instructions on our Wiki page at [Creating Custom Views in the Appointments Screen](#)
