

FYDO Hospital Update - 02/05/2024

New Provisional DRG Field

The Edit Appointment screen now includes a new field where users can specify a **Provisional DRG** for each episode. This enhancement enables facilities with DRG-based health fund contracts to generate more accurate revenue predictions when using the **Unbilled Revenue Report**.

APPOINTMENTS > MAKE APPOINTMENT (133- SAYS, SIMON)

Coder Field Default

The **Coder** field, on the Coding Screen, will now automatically populate the name of the user logged into FYDO. This update will save time for coders in our Western Australia hospitals, eliminating the need for manual entry of their names.

Enhancements to the Edit Appointment Screen

The **Edit Appointment** screen now displays the Session/Theatre Visit number for each Item. Additionally, the **Multiple** alert will appear for episodes with subsequent visits to theatre. This function will not affect facilities that only ever facilitate single visits to theatre.
