

FYDO Hospital Update - 02/10/2025

Addition to Doctors

In addition to a provider number, doctors are also assigned a prescriber number. Facilities can now record this information directly within the doctor's profile, eliminating the need for separate spreadsheets. This enhancement will also support future initiatives related to clinic prescribing.

Enhancement to Episode Stats Export

FYDO has added the Referring Doctor's Specialty to the **Reports > Episode Stats > Excel - Raw Data Export**, enabling facilities to utilise this information more effectively. The information is shown in **column BO** of the export file.
