

FYDO Hospital Update - 04/12/2025

Facilities can now enter **Fasting Food** and **Fasting Fluid** details for a specific **Procedure** as a default, removing the need to re-enter this information on the **Edit Appointment** screen. These details will automatically populate whenever the procedure is selected.

The screenshot shows the 'Edit Procedures' screen. On the left, there are fields for 'Procedure' (Gastroscopy), 'Ana Type' (IV/Sedation), 'Mins' (15), 'Doctor', 'Status' (Active), and 'Booking Code 1' and 'Booking Code 2'. Below these are two input fields: 'Fasting Food' (120) and 'Fasting Fluids' (360), both of which are highlighted with a red box and have a red arrow pointing to the 'Fasting Food' field. On the right, there are two tables: 'Items' and 'Other Services'. The 'Items' table shows a single row with code 30473 and a description of 'Oesophagoscopy (not being a service to which item 41816 or 41822 applies), gastroscopy, duodenoscopy or panendoscopy (1 or more such procedures), with or without biopsy, not being a service associated with a service to which item 30478 or 30479 applies (Anaes.) # Health Funds mostly rebate Endoscopy procedures on a case based payment arrangement detailed in the HPPA. The band noted may be used as a default band in cases where an HPPA is silent on how benefits are to be paid for patients undergoing this service.' The 'Other Services' table is empty. At the bottom right are 'Save' and 'Cancel' buttons.

Two new columns have been added to the **Unbilled Revenue Report** relating to GST:

- **Inv (Gross)** was renamed
- **GST** is now displayed
- **Inv (Net)** is now displayed

These enhancements were introduced in response to increased interest from facilities seeking clearer visibility of revenue figures both including and excluding GST. We've also improved the report's performance for greater efficiency and updated the overall layout to enhance readability.

The screenshot shows the 'Unbilled Revenue' report screen. At the top, there are filters for 'Location' (All Locations), 'Fund' (All Funds), 'Ward' (All Wards), 'Patient Category' (All Patient Category), 'Episode Type' (Admitted and Discharged), 'Report Type' (Summary), and 'Accounting' (Ignore). Below the filters is a search bar and a 'Page Size' dropdown set to 50. The main area is a table with the following columns: Patient, MRN, Adm Date, Fund, Admitting Dr, Speciality, Type, LOS, Coding, Inv (Gross), GST, Inv (Net), Accom, and Theatre. The 'Inv (Gross)', 'GST', and 'Inv (Net)' columns are highlighted with a red box and have a red arrow pointing to the 'Inv (Gross)' column. The table contains data for several patients, including BEACH, Sandy; BLACK, Isaac; and BRANSON, Richard.
