

FYDO Hospital Update - 05/12/2024

Procedures / Proc Notes Defaults

The ability to default a range of fields based on the **Proc Notes** when entering bookings has become a favourite FYDO feature, saving time and improving accuracy by significantly minimising data entry. We're continually enhancing this functionality to boost efficiency, and this week we're excited to introduce another valuable update!

Facilities can now set default values for the **Booking Code 1** and **Booking Code 2** fields via **Settings > Procedures**.

Additionally, don't forget about the recently added functionality that allows **Doctors** to be assigned to specific Procedures. Leveraging this feature helps streamline the **Proc Notes** field for each doctor, reducing irrelevant entries and minimising the risk of assigning incorrect procedures.
