

# FYDO Hospital Update - 10/07/2025

## Tasmanian Cancer Registry

During our FYDO Hospital Update on 01/05/2025 ([FYDO Hospital Update – 01/05/2025](#)), we introduced the **Tasmanian Health Cancer Registry screen**, designed to support cancer registry data entry for Tasmanian facilities.

We’re pleased to let you know that FYDO now supports exporting this data file, using the same process as the other end-of-month data extracts.

This update means that reporting to the TAS Cancer Registry is now a seamless and efficient process for our Tasmanian hospitals.

Location Hospital TAS

What month would you like to Extract? July 2025

What type of data would you like to extract?

Prepare Extract

Previous Extracts
