

# **FYDO Hospital Update 14/11/2022**

## **New Theatre Roster Report Improvements**

Our new Theatre Roster Report is now able to be run for dates in the future.

The screenshot shows the 'Theatre Roster Report' interface. At the top, there are filters for 'Report Type' (set to 'Theatre') and 'Report Period' (set to 'All Bookings'). Below these is a search bar. The main table displays theatre bookings with columns for 'Theatre', 'Room', 'Date', 'Time', 'Status', 'Number of Bookings', and 'Total Bookings'. The table is filtered for 'Theatre: Theatre 1' and 'Room: Theatre 1'. The data shows bookings for 'Theatre 1' on '2022-11-14' and '2022-11-15'.

Theatre	Room	Date	Time	Status	Number of Bookings	Total Bookings
Theatre 1	Theatre 1	2022-11-14	10:00	Booked	1	1
Theatre 1	Theatre 1	2022-11-15	10:00	Booked	1	1

## **Payment Summary Report Improvements**

The Payment report, when run by Report Type Summary, will now group the transactions by their payment types.

The screenshot shows the 'Payment Summary Report' interface. At the top, there are filters for 'Report Type' (set to 'Summary') and 'Report Period' (set to 'All Bookings'). Below these is a search bar. The main table displays payment transactions with columns for 'Payment Type', 'Amount', 'Status', and 'Total Bookings'. The table is filtered for 'Payment Type: Summary'. The data shows transactions for 'Summary' on '2022-11-14' and '2022-11-15'. Red arrows point to the 'Payment Type' column header and the 'Summary' value in the first row.

Payment Type	Amount	Status	Total Bookings
Summary	100.00	Booked	1
Summary	100.00	Booked	1

## **Bug Fixes**

The DRG error, that was occurring when running the grouper, has now been amended.
