

FYDO Hospital Update - 14/11/2024

Other Services Only Invoice

Facilities are now able to raise an **Other Services Only Invoice** to a “fund”. The screen will still default to “Uninsured”, as this is the most common use case, but the **Fund** dropdown is now activated, allowing the fund selection to be amended if needed.

New Invoice Override Feature - [REDACTED]

In some instances, facilities may be unable to raise an invoice for an episode. These episodes can now be removed from the **Billing Status > Show Not Billed Only Report** by using the new **Invoice Override** feature!

This feature is accessible in the **Episode Screen**, under **Financial Notes**. If it's determined that an invoice isn't necessary, users can go directly from the Show Not Billed Only Report to the Episode Screen and select the **Invoice Override** tick box. Once marked, the episode will no longer appear in the Show Not Billed Only Report.
