FYDO Hospital Update – 17/07/2023

Amendments to Adjustment Types

Users are now able to specify if a new **Adjustment Type** will affect the payments or the revenue. The adjustment types can be found in **Settings > Adjustments** and can be customised to facilitate the needs of each hospital.
Each adjustment type already in FYDO has had the default set according to the figures that they have always impacted. However, users are able to choose which option they require for all new adjustment types that are added.
This option can by selected in the set up by ticking or unticking the **Affect Revenue** tick box.

The selected option for each adjustment type will be shown on the Adjustments list so they are easily identifiable.

Theatre Roster – Order of Theatres

Theatres will now be shown in alphabetical order in the Theatre Roster screen. This will ensure the order of theatres in the roster replicates the order that they are shown in the appointments screen.
