

# [FYDO Hospital Update - 19/02/2026](#)

## Excess/Deposit Addition

You now have the option to email the **Excess/Deposit receipt** directly to the patient. Under the **Save and Print** option, there is a dropdown menu that includes an option to email the receipt to the patient.

The email message templates can be configured in **Settings > Invoice/IFC Message**, or you may enter a custom message manually at the time of sending.

A screenshot of a 'Print Deposit' dialog box. It has a title bar with 'Print Deposit' and a close button (X). Inside, there are three dropdown menus: 'Send Invoice To' (set to 'Patient'), 'Template' (set to 'Invoice'), and 'Message' (empty). Below these is a large text area for a custom message. At the bottom, there are three buttons: 'Cancel' (grey), 'Send Email' (green), and 'Print' (orange). A red arrow points to the 'Send Email' button.

Kindly note that this functionality applies only to users who have configured their email address within their **User Profile**. Please refer to the WIKI for detailed instructions on completing this setup. Click the button below to be directed straight to the relevant page.
