

# FYDO Hospital Update - 20/03/2025

## New User Group Access Levels

We've added new options to the **User Group > Access Levels**, giving facilities greater control over user permissions:

- **Create IFC** - Allows users to generate IFCs
- **Create IFC - Edit Charges** - Allows users to make changes to the fees while creating IFCs

Additionally, new access level options have been introduced for the **Data I/O** function.

Data I/O															
Billing Sheets	D	R	RW												
Claims Import	D	R	RW												
Data Extracts	D	R	RW												
Patient Alerts - Mark as Completed	ON	OFF													
Patient Alerts - Mark as Incomplete	ON	OFF													
Patient Alerts - View	ON	OFF													
Preadmit Holding Bay	D	R	RW												
Report Holding Bay	D	R	RW												

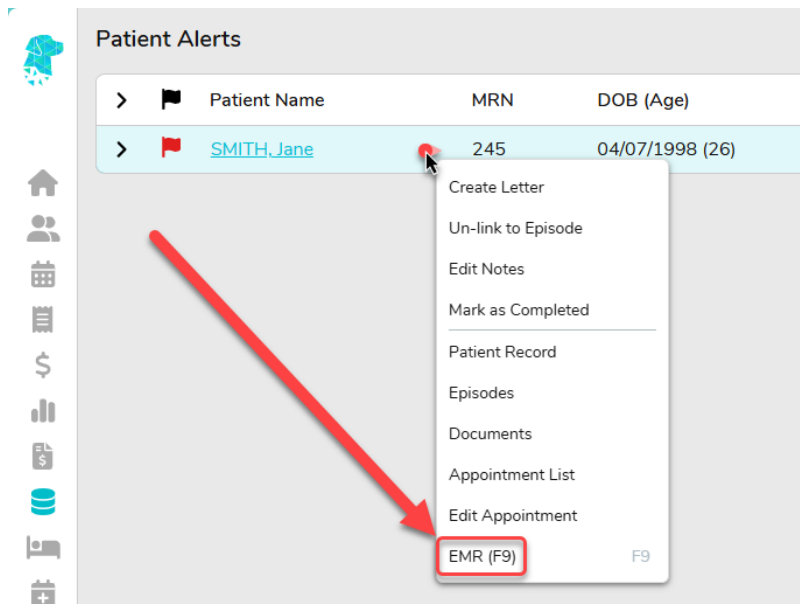

By default, these new options will mirror the current access levels that all users have in FYDO. Facilities can adjust these permissions as needed.

## New Unbilled Revenue Report API

A new API has been created, allowing information to be retrieved for the **Unbilled Revenue Report** by **Accrual**.

## New Patient Alerts Option

Users can now efficiently access a patient's **EMR** directly from the **Patient Alerts** Screen using the **Right-Click Menu**.

## New Relationship Option

**Child** is now a pre-populated option when entering information for **Next of Kin**, **Emergency Contact**, **Contributor** or **Pick Up Person** information.

The screenshot shows the 'Other Contacts' form with the 'Next of Kin' tab selected. The 'Relationship' dropdown menu is set to 'Child'. A red arrow points from the 'Child' option to the 'Relationship' label. The form includes fields for First Name (Pebbles), Last Name (Flinstone), Address (222 Rocky Way), Suburb (AYERS ROCK), State (NT), Postcode (0872), Mobile (0400-000-000), Home (( ) - ), Work (( ) - ), and Email (pebbles@bedrock.com.au). There is also a 'Copy Patient Details' link.

## End of Day Banking Improvements

The **MRN** is now displayed in the **End of Day Banking** Report as an additional form of identification.
