FYDO Hospital Update 21/11/2022

1st November Prostheses List Update Available

The latest edition of the Prosthesis List has been added to FYDO.

Band Mapping Feature Added

FYDO now allows facilities to allocate different bands to item numbers, other than that in the National Procedure Bandings List.

This will be beneficial when health fund contracts stipulate different bandings for certain item numbers.

This new feature has been added to **Settings > Band Mappings**.

 Accommodation Categories 	
 Appointment Types

Auto Confirm of Appointments with SMS replies

A new feature has been added to Auto Confirm appointments when a patient replies "Y" or "Yes" to an SMS that they have received.

These confirmations can be viewed in the Edit Appointment Screen. Or in the Appointments Screen by adding the confirmed column to a custom view.

Bug Fixes

The **IHCP** checker for QLD hospitals has been removed. This will assist in data extraction errors relating to Inter Hospital Contracted Patients'.
