

# FYDO Hospital Update - 21/11/2024

## Theatre Roster Additions

Facilities are now able to store **Files** within a **Theatre Roster**! This feature has been designed to allow facilities to save information, such as the **Doctors Theatre List**, against the corresponding session. Any number of **Files** can be added, so any amended lists or documents can also be saved and will be stored there in case they are ever needed.

The screenshot displays the 'THEATRE MANAGEMENT' interface, specifically the 'BOOKING (THEATRE 1)' tab. The left sidebar contains navigation icons. The main content area is divided into two sections: 'Booking' and 'Staff'. The 'Booking' section includes fields for ID (223), Location (Shaes Private Hospital), Theatre (Theatre 1), Dr (Connors, Curtis), Anaesthetist (Enter Anaesthetist), Date (21/11/2024), Start Time (09:00), End Time (12:00), and Duration (180 Mins). A red arrow points from the 'Booking' section to the 'Files' section, which is highlighted with a red border. The 'Files' section has a 'Drag'n drop file here' area and a 'Choose a file' button. Below the file upload area, it states 'Note: Max 10MB file limit. Extensions allowed are .jpeg, .png, .jpg, .bmp, .gif, .pdf, .doc, .docx, .ppt, .xls, .xlsx, .rtf, .rar, .zip, .txt, .csv'. At the bottom, there are 'Save' and 'Cancel' buttons.
