

FYDO Hospital Update - 23/11/2023

New Option Added to Print List

We have introduced a new 'Order of List' option in FYDO, allowing lists to be organised based on **Theatre** and **Admission time**, in addition to the original option of Booking Time.

The screenshot shows the FYDO Hospital interface with a 'Print List' dialog box open. The background interface has tabs for 'THEATRE 1', 'THEATRE 2', and 'THEATRE 3'. Below the tabs is a table with columns: Time, Name, MRN, Procedure, Surgeon, and Notes. The table rows show times from 08:00 to 13:40. The 'Print List' dialog box has the following fields:

- Template: Theatre list
- Order of List: Doctor, Booking Time (highlighted in yellow)
- Theatre: Doctor, Booking Time
- Surgeon: Estimated Recovery Time
- New Page: Patient Name
- From Date: Theatre, Booking Time
- Time From: Theatre, Booking Time, Doctor
- Time To: Theatre, Booking Time, Doctor, Anaesthetist
- Options: ☒ Include dummy appointments, ☐ Include cancelled appointments
- Copies: 1

A red arrow points to the 'Theatre, Admission Time' option in the 'Order of List' dropdown. At the bottom of the dialog box are buttons for 'Print', 'Export To', and 'Cancel'.
