#### **New Interactive Reports**

We have added to our Interactive Reports collection with new additions to the:

- Incomplete > Uncoded Episodes Report
- Incomplete > Ungrouped Episodes Report

These reports have been fitted out with the famous FYDO Right-Click menu, to allow users to easily and efficiently complete tasks at hand. With essential information being displayed, and columns that can be sorted this report will assist in efficiently and workflow improvements for facilities.

# **Removing Episodes - New Permission Level**

A new permission level that allows facilities to restrict the ability to **Remove Episodes** from FYDO. Since this function was previously available to all users, it will be defaulted too **ON**. Facilities wishing to restrict this functionality from certain User Groups will need to change the setting to **OFF**.

Hospital Episode

# **New Check List Options Added**

There are now two new **Check List Options** added for facilities to utilise to assist in workflow and the completion of tasks.

- Pre-Admission Contacted
- Post-Discharge Contacted

These options are accessible from the **Right-Click Menu > Checklist** or from the **Edit Appointment Screen**.

#### **Bug Fix**

A couple issues, affecting the new theatre time checkers, have been resolved.
