

[FYDO Hospital Update - 25/04/2024](#)

Interactive Arrears Report Enhancements

Think our **Interactive Arrears Report** couldn't get any better?! Think again! We've added two new columns to make debt recovery from the health funds even easier!

Now, users can easily view whether a claim has been accepted by the health fund and how much is being paid - all from one screen!

Additional data has also been incorporated into the **Interactive Arrears Report > Export - Raw Data** to include the following:

- Bill Type (*ECLIPSE or Paperbase claim*)
- ECLIPSE Sent Date
- ECLIPSE Response Status (*Approved or Rejected*)
- ECLIPSE Amount Paid

Bug Fix

The issue preventing some facilities from running the Length of Stay Report has been resolved.
