FYDO Hospital Update - 26/06/2025

New Token

FYDO has introduced a new token for the **Other Notes** field to accommodate the varying formatting preferences of different hospitals. While some hospitals prefer notes in color, italics, bold, etc., others opt for a more simplistic format. To address these differences, we have developed a new token system:

- <<Note>>: Is the existing token that all templates will be utilising. This token applies the layout (alignment, size, and font family) from the **template**, while adopting the formatting (color, bold, italics, and underline) from the **appointment** screen.
- << Notes 2>>: This token applies both the layout (alignment, size, and font family) and the formatting (color, bold, italics, and underline) from the **template** exclusively.

These updates have been incorporated into the WIKI Manual Tokens - Hospital - FYDO Wiki
