## Program Numbers Enhancement

Enhancements have been made for Same Day Rehabilitation and Mental Health Programs to streamline the billing process. FYDO now supports assigning different Item Codes to specific days within the same Program Numbers cycle. Similar to our Overnight Accommodation step-down fields, facilities can now assign a unique Item Code to particular days in the Program Numbers sequence.

SETTINGS > PROGRAM NUMBERS > ADD PROGRAM NUMBER

The next piece in this enhancement involves moving the **Program Status** field from the Admission Screen to a more convenient spot on the **Edit Appointment screen**. This field is essential for rehabilitation and mental health admissions, allowing appointments to be flagged as **Start**, **Continuation** or **End** - depending on the patient's stage in their treatment cycle.

The **Start Date** field enables users to assign the first admission in the cycle, ensuring that all subsequent admissions are automatically and accurately assigned the correct Program Status.
