

# FYDO Hospital Update - 28/08/2025

## Billing Status Addition

FYDO has introduced a new ordering option within the Billing Status Report. When the **Report Type** is set to **Show Not Billed Only**, a new **Order By** field will become available. This feature functions identically to the **Order By** option in the Incomplete Report and will default to **Alphabetical** ordering.

## New Option in Casebase Settings

FYDO has introduced a new column titled **Ignore Step Down** in the **Settings > Health Fund Fees > Casebase Fees** tab. This column is a tick box, similar in function to the existing **GST** column.

This enhancement addresses scenarios where certain facilities require the **Procedure Only** fee to be calculated at 100%, even when the item is listed as a secondary or subsequent procedure. However, as this rule does not apply universally to all item numbers within the Casebase list, some of which still require percentage-based step downs. The new tick box provides the flexibility to manage these exceptions on an item-by-item basis.

If you need to upload the Casebase import file, the new field will be located in column J. Additionally, both the PDF and Excel spreadsheet outputs have been updated to include the 'Ignore Step Down' column.
