

FYDO Hospital Update 28/11/2022

ASA Score field added to Theatre Screen

FYDO now has the option to record the **ASA Score** to the **Theatre Screen**.

A screenshot of the FYDO Theatre Screen for patient Mrs. Corie. The screen displays various fields for patient information, theatre details, and ASA Score. The ASA Score field is highlighted with a red arrow. The ASA Score options are: 1. A normal healthy patient, 2. A patient with mild systemic disease, 3. A patient with severe systemic disease limiting activity but not incapacitating, 4. A patient with incapacitating systemic disease that is a constant threat to life, 5. An extremely ill patient who is not expected to live 24 hours with or without an operation.

The statistics on the ASA Score can be obtained using the **Episode Stats** report & exporting it to **Excel - Raw Data**. This allows users to filter or order patients' according to their ASA Score. (Currently in column BR)

Casebase Billing Rule Addition

To accommodate different types of health fund contracts the new billing rule allows items to be ordered by **Casebase fee, Band then MBS Price**.

A screenshot of the FYDO Casebase Billing Rule Addition screen. The screen displays various settings for Casebase Billing, including Case/DRG - Crossover Threshold Charge Fee on Admission, Order Items by Band then MBS Price, Preferred Billing Method Band then MBS Price, Leave Period MBS Price, Rounding at the Item Level Casebase Fee, Band then MBS Price, and Band To 0.00. A red arrow points to the Rounding at the Item Level dropdown menu.

Webhooks update

When assigning multiple items to an episode, a webhook will now be sent for each item assigned.

Bug Fixes

The issue that users encounter with the documents screen cutting off has now been rectified.
