

FYDO Hospital Update - 31/10/2025

Theatre Roster Improvements

FYDO has made a significant enhancement to the Theatre Roster feature. Previously, users could create recurring theatre lists but were advised to limit them to three months, as bulk editing and deleting were not available. We're pleased to announce that these capabilities have now been added. **Users can now bulk edit and bulk delete theatre lists**, saving valuable time and reducing the need for individual adjustments.

As long as the **Repeat** function is used when making the initial booking, the doctors' sessions will be linked and can then be amended together. To utilise this function:

- 1. Click on the 3 dots
- 2. Select which action - Edit or Delete
- 3. Pick from the x3 options

Theatre Roster Report Addition

Two new columns have been added to the *Theatre Roster* report relating to *Revenue*:

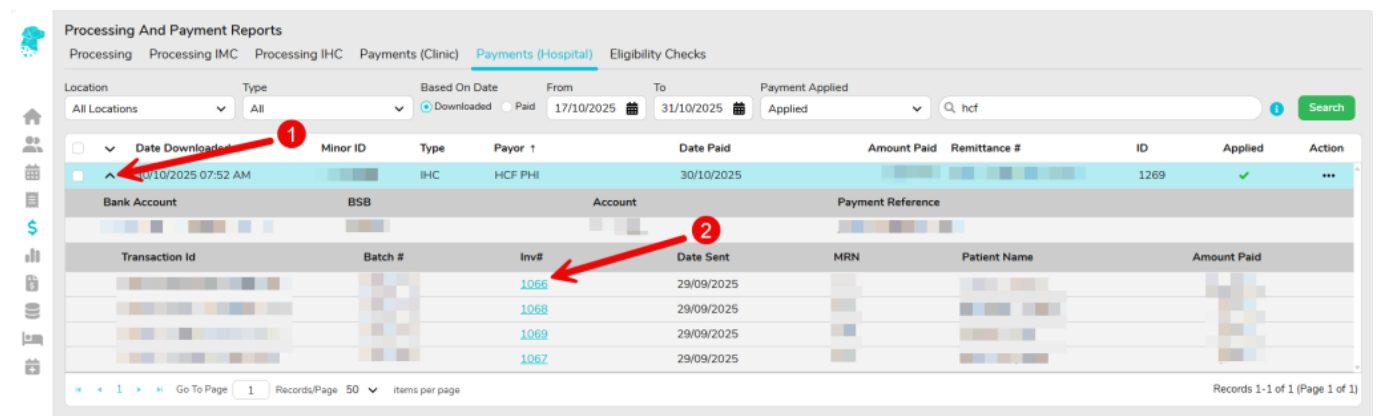

- **Rev incl OS** - Revenue Including Other Services Revenue
- **OS Rev** - Other Services Only Revenue

These additions were made in response to growing interest from facilities in understanding their revenue breakdowns. This enhancement allows for better analysis of how profitable each doctor is during their Theatre Sessions/Rosters.

Rev incl OS	OS Rev
450.00	0.00
450.00	0.00
450.00	0.00

Processing and Payments Enhancements

A new enhancement has been added to the *Processing and Payments* tab under *Payments (Hospital)*. The **Invoice #** now functions as a hyperlink, providing quick access to the patient's episode as required.

Additionally, the **Processing IHC** screen has been rearranged to allow for a wider and more readable **Explanation** column. Additionally, you can now hover over the explanation to view the full text.

Trial Balance Improvement

The *Trial Balance* report has been enhanced to include GST in the *Billings*, *Payments*, and *Adjustments* columns. This update allows users to view the total balance including GST, or to isolate and review GST amounts independently.
