

# Hospital Health Fund Fees - Importing Casebase Fees

FYDO now has the option to import Casebase Fees from an Excel file.

**It is important to note that the file must be an Excel file and must be set out in the same way as the sample template below.** There is also a link below to download a blank template:

E - DVA

F - OutlierDays

G - OutlierRate

H - GST

I - ExclOS

The above layout reflects the content, and order of information, that is displayed on the Casebase Fees tab in FYDO.

**If the file is not formatted in this way, with the exact column titles, the data will not be able to be imported into FYDO or will upload into the wrong fields.**

## How to Format an Excel File for Casebase Fee Upload

Data from a Health Fund contract can be transferred into the relevant columns of the template, or a copy of a contract can be modified using the following steps:

1. Save a copy of the contract (do not edit the master copy)
2. Go to Casebase Fee tab or section in the contract
3. Remove any lines above the header table so that there is only one header row
4. Delete any columns that do not contain the required information as per the images above
5. Ensure the names and order of all columns and the header row match the template exactly
