

# Importing Visicode Data

## After the data has been exported from Visicode

1. In the main menu go to **Data I/O** and select **Visicode Import**

2. Select the **Location**
3. Click **Choose a file**
4. NB. File must be in a **.txt** format to be imported. Other file formats will not work
5. This will produce a list of all the patient information found in the file
6. Click **Import**
7. This will automatically update the **Coding** & run the **Grouper**
8. There will be an Excel spreadsheet download for information purposes. This file will show if any of the data imported was unsuccessful.
