

Inviting Users to Fydo

Need to invite more users to Fydo? Read below to find out how!

First lets head to **Settings**

Then, from the menu, select **Users**.

You will arrive at a page displaying information about all your users. To create a new one, lets click on **Add User**

Fill out any relevant information. Things such as:

- First and Last Name
- Email (where the invite will be sent to)
- Provider Number (this is optional)
- Group
- Personal Message (this is optional)

User Details

ID	<input type="text"/>

All done! Fydo will now send an email to the designated address, with instructions on how to proceed.

Groups in Fydo

If you don't have any **Groups** set up within Fydo, here's how you can do it!

1. First, lets go to **Settings**.

2. Then, select **User Groups**.

> User Groups

You will now see a list of all your **User Groups**, as well as some additional information about them such as:

- **Name**
- **Description**
- **Linked Users (Amount of users in this group)**
- **Status**

ID	Name 	Description	Linked Users	Status
2	Admin		4	Active 
1	Subscriber	Subscriber	1	Active

100  Records/Page Records 1-2 of 2 (Page 1 of 1)

If you wish to create a new group, select **Add User Group**, as seen below.

Add User Group

Now, set a **Name** and a **Description (Optional)** for your group.

Name	Reception
Description	All receptionists

Setting up permissions for your newly named **User Group** is as simple as clicking **On/Off** for any parts of Fydo you wish to grant, or deny access to.
