

Resubmitting and Deleting Clinic Batches

Sometimes you may need to **Resubmit** or **Delete** a batch depending on rejections.

You will only be able to move or delete a batch if the invoices within do not have payments

Resubmitting a Batch

To Resubmit a Batch you will first have to move each **invoice** within to a new batch. We can then go ahead and send that new batch.

1. View the batch in question so you can see the invoices within
2. Right click and select '**Move Invoice Out**'
3. Confirm the move

Patient Name ↓	MRN	DOS ↓	Inv	KG	Claimed	Items
CAREY, Mariah	107	30/12/2020	89		173.05	2
CAREY, Mariah	107	30/12/2020	92		38.75	1

If you head back to **Claiming Medical**, you will now notice a new batch that contains any invoices that were moved. Simply follow the usual process for closing and sending this batch.

For Eclipse claims, you will still only be able to have one patient per batch.

Deleting a Batch

To Delete a Batch, you will have to either **move** or **delete** each invoice within. Then the batch will simply disappear.

1. View the batch so you can see the invoices within
2. Right click and select '**Delete Invoice**'
3. Provide a reason and select **Delete**

This is an internal reason just for your future reference.

Patient Name ↓	MRN	DOS ↓	Inv	KG	Claimed	Items
CAREY, Mariah	107	30/12/2020	89		173.05	2

You can also use **Reverse**. This produces an adjustment against the invoice, rather than just deleting it.
